

## Company Highlights

Paramount Gold Nevada (PZG) is a U.S domiciled and U.S listed company in the business of acquiring, exploring, and developing precious metals projects in the western U.S. Paramount owns 100% of two advanced-stage assets located in eastern Oregon and Nevada with total gold resources of more than 4 million ounces and significant exploration potential.

Led by an experienced team with the backing of strategic investors, Paramount offers a compelling investment case with assets in a tier-one mining jurisdiction, and an EV of ~\$21 per ounce of gold.

## Projects at a Glance

### ► Grassy Mountain, Oregon

On track to become Oregon's first modern mine

- ✓ Included in Federal FAST-41 Program
- 📅 Final construction permits ~Q1/Q2 '26
- ⚙️ High-Grade U/G Mine
- ⚙️ Small footprint, 8-yr. mine life
- ⚙️ Strong expansion potential
- \$ Material job creation

In developing Grassy, Paramount has an opportunity to contribute significant economic stimulus to Malheur County Oregon.

### GRASSY MOUNTAIN, OREGON
